

## SEC Rule 606 - Order Routing Report

**Just2Trade Inc.**  
**One Penn Plaza, 16th Floor, New York, NY 10119**  
**SEC-Required Report on Routing of Customers Orders**  
**For Quarter Ending December 31, 2018**

Just2Trade has prepared this report pursuant to a U.S. Securities and Exchange Commission rule requiring all brokerage firms to make publicly available quarterly reports on their order routing practices. The report provides information on routing of "non-directed orders" - any order that the customer has not specifically instructed to be routed to a particular venue on behalf of its customers.

The report is divided into four following sections:

1. one for securities listed on the New York Stock Exchange and reported as a Network A eligible security;
2. one for securities listed on the Nasdaq Stock Market;
3. one for securities listed on the NYSE American or regional exchanges and reported as a Network B eligible security;
4. one for exchange-listed options.

For each section, this report identifies the venues most often selected by Just2Trade, sets forth the percentage of various types of orders routed to the venues, and discusses the material aspects of Just2Trade's relationship with the venues.
