

SCORE PRIORITY

BUSINESS CONTINUITY PLAN

Score Priority Corp. has developed a Business Continuity Plan on how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information on our business continuity plan.

Contacting Us – If, after a significant business disruption, you cannot contact us as you usually do at 646-558-3232 or 855-274-4934, you should call out alternative number 855-274-4934 or contact the securities clearing firm holding your account (details below) for instructions on how to provide prompt access to funds and securities, execute orders and process other trade-related, cash, and security transfer transactions. For anything related to futures, please call our futures clearing firm, GAIN Capital Group, LLC at 800-920-5808. GAIN Capital located at Bedminster One, 135 US Highway 202/206, Suite 11, Bedminster NJ 07921.

Our Business Continuity Plan – We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm's books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our firm to resume operations as quickly as possible, given the scope and severity of the significant business disruption.

Our business continuity plan addresses: data backup and recovery; all mission critical systems; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counterparty impact; regulatory reporting; and assuring our customers prompt access to their funds and securities if we are unable to continue our business.

All five of our securities clearing firms, Axos Clearing LLC, Vision Financial Markets LLC, Velox Clearing LLC, ABN AMRO Clearing Chicago LLC, Wedbush Securities Inc. and our futures clearing firm GAIN Capital Group LLC have the ability for real time back up capability of our important records in a geographically separate area. While every emergency situation poses unique problems based on external factors, such as time of day and the severity of the disruption, we have been advised by our clearing firms that their objective is to restore their own operations and be able to complete existing transactions and accept new transactions and payments as they occur. Your orders and requests for funds and securities could be delayed during this period.

Varying Disruptions – Significant business disruptions can vary in their scope, such as only our firm, a single building housing our firm, the business district where our firm is located, the city where we are located, or the whole region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In a disruption to only our firm or a building housing our firm, we plan to transfer our operations to a local site when needed and expect to recover and resume business within 24 hours.

In a disruption affecting our business district, city, or region, we plan to transfer our operations to a site outside of the affected area and recover and resume business within 1 business day. If the significant business disruption is so severe that it prevents us from remaining in business, we will assure our customer's prompt access to their funds and securities.

If the Securities Investor Protection (SIPC) determines that we are unable to meet our obligations to our customers or if our liabilities exceed our assets in violation of Securities Exchange Act Rule 15c3-1, SIPC may seek to appoint a trustee to disburse our assets to securities customers. We will assist the appointed trustee by providing our books and records identifying customer accounts subject to SIPC regulation.
